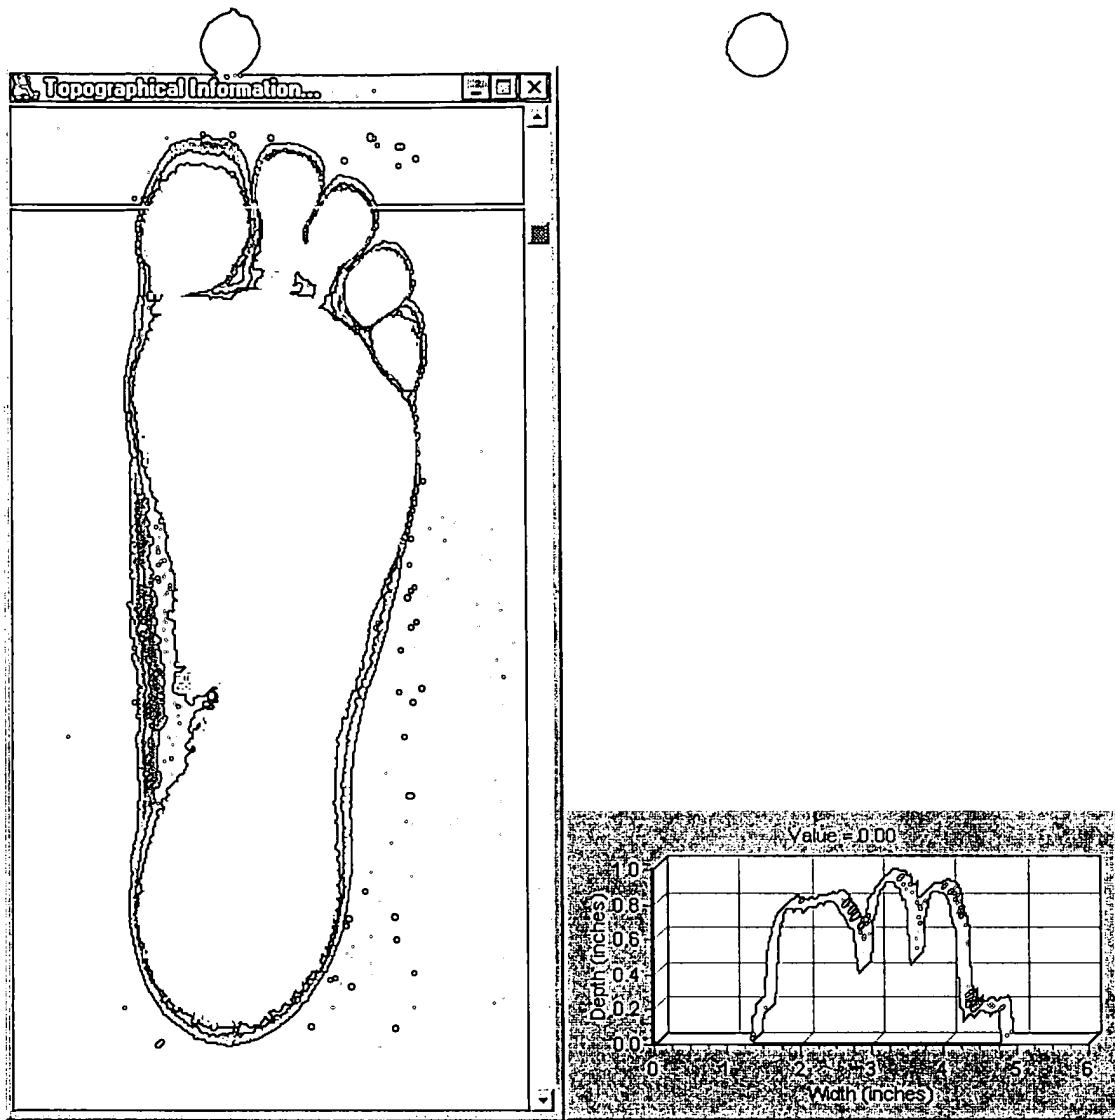

Figure 7

A topographical map of a footprint, showing the outline and internal features like the arch and toes. The map is displayed within a window titled 'Topographical Information...'. The map shows the footprint's shape, with the arch and toes clearly defined. The map is a black and white line drawing, with the footprint's outline and internal features represented by lines. The map is displayed within a window titled 'Topographical Information...'. The window has a title bar with a small icon on the left and standard window controls (minimize, maximize, close) on the right. The map itself is a black and white line drawing, with the footprint's outline and internal features represented by lines. The map is displayed within a window titled 'Topographical Information...'. The window has a title bar with a small icon on the left and standard window controls (minimize, maximize, close) on the right. The map itself is a black and white line drawing, with the footprint's outline and internal features represented by lines.
